

March 12th and 18th - TRG to discuss Inventory Management challenges for Asia Pacific region

February 23, 2014 – TRG’s David Dubery (Director – EMEA/APAC) will be speaking on vendor panels at the Hong Kong and Singapore FISD meetings in March 2014.

Continued growth in the Asia Pacific region is bringing the importance of poses some unique challenges for market data managers. The Roberts Group continues to prove its established global abilities in helping clients achieve total cost transparency, while realizing tangible cost reductions, through the adoption of the FITS SaaS solution.

David is looking forward to an open discussion with his peers of the issues faced by the industry and making clear how TRG can help.

Hong Kong – March 12th 2014.

Singapore - March 18th 2014.

Please check with the FISD web site for additional event details.

The Roberts Group provides leading market data cost and inventory management solutions to the global Financial Services industry. Through its balanced delivery of system and service offerings, TRG continues to distinguish itself throughout the industry with a growing client base, currently managing over \$1.5 Billion in expenses in FITS.
